CALL FOR PAPERS

Second International Conference for Information Systems and Design (ICID-2021)

Hybrid mode, 3-7 September 2021

Overview

ICID is a global cooperation network that promotes open industry innovations in the academic environment. We focus on the practical results-based studies prepared by industry experts in Information Systems' design, deployment, and adoption. The conference also attracts the most active and talented students to present their R&D projects, create new teams, and meet people alike. The main goal of our community is the connection between universities and enterprises. ICID conference is an active scientific event with 100+ participants and guests from Germany, Russia, Japan, UK, Finland, Belgium, the US, and other countries. We welcome everybody to submit papers, take part in the conference and present their research results. The second ICID conference will be primarily virtual with possibility of on-site participation in Divnomorskoye (Black Sea Coast of Russia).
